

## The Berwick Archery Club

Members,

June 4, 2010

The club hosted our first Field / Hunter Conference Shoot on May 23, 2010. The turnout was terrible. We only had 8 shooters. The club profited \$90.00. I would like to thank those who took the time to donate food to the kitchen.

The next shoot at the club will be the NE Target Round (900 Round) on both Saturday June 12<sup>th</sup> and Sunday June 13<sup>th</sup>. There will be 2 shooting times on each day, 10:00 AM & 2:00PM. If you are interested in shooting you need to call to reserve a shooting time. Please call 570 759 3954; if there is no answer please let your name along with the day and the time you would like to shoot on the answering machine. You will get a call back confirming that we did receive your information.

Again, we will be needing help to set target stands and mats up. We will meet on both Saturday and Sunday at 8:00 AM to put the target stands and the mats up. We are also looking for food donations for the kitchen. Anyone wanting to donate something please call me at 570 759 3954 on or before Wednesday June 9 2010.

June 20, will be the next 3D Shoot at the club. I spoke with Brian Zaloga and he told me that he will be out at the club on Saturday June 19, to get the targets out of the trailer and put inside the club. He will put the targets out at 6:00 AM Sunday morning. Brian will need help to do what has to be done to set the course up. Anyone who would like to contact Brian can do so by calling him at 570 336 0770. We would also appreciate donations for the kitchen. Anyone, wanting to donate something please contact Brian's wife Jennifer at 570 752 2238 or myself at 570 759 3954 on or before Thursday June 17.

Also help will be needed to get grass mowed and some weed whacking done around the clubhouse before all of these shoots take place. Anyone who can spare a little time to help out will be greatly appreciated and will also make the club more presentable to those who come and shoot at these shoots.

A candy machine has been purchased for the club and will now be taking care of the kitchen snacks. Any particular snacks that you would like to see in the machine please share your input. The machine is a 23 column machine and will accommodate most anything that we can put in it.

We are allowing a one week makeup (due to the memorial day holiday) for anyone still wishing to shoot in the field & hunter league.
