With the continuing increases in postage, the club is spending about \$600 a year to mail out newsletters. In an effort to reduce costs and have more money available for club improvements, we are going to start posting the news letter on the web site and also send it by email. If you have access to a computer, please email Pam so she can add you to the email distribution list. For those who do not have access to a computer, we will continue to mail your news letters.
